✓a. The AH/OS longterm schedule, completed 18 June, includes two new courses. The first session of the CI/CE Familiarization Course is planned for 7 - 11 October 1957, to accommodate 15 to 20 students for one week, full-time (arrangements can be made for two weeks, half-time, if necessary). Subsequent classes will be given monthly, although this schedule may be changed according to demand. The second new course, Clandestine Services Operations, will begin on 3 September 1957 and run for three weeks, half-time, for 15 to 20 students. Bi-monthly classes are scheduled thereafter.

b. Another new listing in the longterm schedule is the two-week, half-day Information Reports course, which is currently in its third session. This course is designed specifically for administrative personnel assigned to reports offices, and deals primarily with reports mechanics. It will be given three or four times during the coming year, depending on demand. The complete course (Information Reporting, Reports, and Requirements) will be given eight times.

c. Although approval was granted 17 June for postponement of Clandestine Services Review No. 17 (24 June - 12 July 1957) because it was undersubscribed, the course has now been reinstated. The Registrar informed on 18 June that enrollment, originally only 25, has increased to 39 in the last few days. All of the new applicants are recent returnees. Allowing for last minute changes, there should be at least 35 full-time students attending the course.

e. Counterespionage Operations No. 12 is in its final week. From 18 June (afternoon) to 21 June, CEO instructors will also present the CE bloc of the Security Officers Training Course.

f. Information Reports No. 3 is in its first week. A total of four tutorial students in IRRR are now in full-time training; one, a JOT assigned to the FE area, joined the two others on 13 June. The second addition, a case officer from NEA, began IRRR training on 17 June.

Related Activities

25X1A9a g. On request from a senior staff officer (FE) who is leaving for Southeast Asia, [REDACTED] reviewed and made recommendations on the development of a staybehind organization to meet unconventional warfare requirements.

25X1A9a h. On 13 June [REDACTED] attended the debriefing of [REDACTED], returning chief of station, [REDACTED]
